## Naturalization/Citizenship Clinics

Help immigrants become citizens! IRIS offers a number of FREE citizenship clinics over the course of the year. Citizenship workshop volunteers assist Legal Permanent Residents with completing the application for naturalization (Form N-400). Volunteers will need to undergo a training before filing the N-400 document. Spanish Speaking experience is preferred but not necessary.

All Clinics fall on a Friday and tentatively run from 10:15 am – 4:00 pm. (Clinics usually end sooner than 4pm)

## Food Pantry

IRIS offers a Food Pantry at our location in Atwater Village twice a month. Volunteers are responsible for helping to organize and pass out groceries.

Volunteers begin setting up at 9 am and usually finish passing out food by 10:30 am.

**Food pantries take place on the 1st and 3rd Friday of the month**

## Transportation

Many times, our refugee clients may need help being transported to and from different appointments around the Los Angeles area. If you have insurance, reliable transportation, a flexible schedule, and are passionate about helping refugees navigate their way around Los Angeles, this is the opportunity for you!

## Donations/Deliveries

Once our refugee clients arrive, assistance in acquiring essential household items may be needed. Generous contributions from hospitable donors across Los Angeles are crucial for addressing refugee family's household needs. When donating items (big or small), we request that the donor organizes the transportation delivery. Reliable transportation and proof of insurance is required.
